Enrique GALVEZ

enrique.glvz@hotmail.com | +33 6 95 00 42 58
Born on May, 19, 2002 | Nationality: French

Work Experience

- **SNCF Réseau & SATIE**, Research Intern for 6 months   **February - July 2025**
  Subject: Real-time railway default detection using transformers on embedded GPUs
- **INRIA Bordeaux**, Research Intern for 5 months   **September 2024 - January 2025**
  Subject: Efficient scheduling of Transformers with StarPU
- **LIP6**, Research Intern for 5 months in the ALSOC team (Systems-on-Chips)   **February - July 2024**
  Subject: Optimization of deep learning convolutions for inference on SoCs
  Research: Redaction of a journal article promoting my experimental results
- **Barcelona Supercomputing Center**, Research Intern for 3 months   **May - July 2023**
  In the SONAR team (SOftware research vehicles for New ARchitectures)
  Subject: Vectorization of deep learning kernels
- **LIP6**, Research Intern for 6 weeks in the ALSOC team   **June 2022**
  Subject: Optimization of the parallel execution of an image processing application

Education

- **École Normale Supérieure de Lyon**, Computer Science Department   **2021 - 2025**
- **Lycée du Parc, Lyon**, Preparatory class: MPSI, MP*   **2019 - 2021**

Diplomas

- **ENS De Lyon diploma**   **(Expected: 2025)**
- **Master's degree** in Computer Science with highest honors (16,42/20)   **2024**
- **Bachelor's degree** in Computer Science with high honors (15,63/20)   **2022**
- **High School Diploma**, Scientific section, Mathematics specialty,   **2019**
  European section (in-depth english classes), with highest honors and
  with jury's congratulations (19/20)

Competitions

- SWERC (International programming contest): team ranked 45/120   **2023**
- Le Shaker (National programming contest): ranked 49 over +1000 participants   **2022**
- Entrance examination for Grandes Écoles   **2021**
- Olympiades académiques de mathématiques: copy noted for the quality of its content   **2018**
- "Faites de la science" Competition: 2nd regional prize   **2017**

Skills

Programming	Very good mastery of C, C++, Java, Python, OCaml, bash, LaTeX Good mastery of many others: assembly, haskell, html/CSS, JavaScript, SQL, CUDA...
Computer Science	Machine learning (theory, PyTorch, Tensorflow...), algorithmic complexity, compilation, high performance computing, computer architecture, algorithm-architecture adequacy
C1 level in English	Certified by Cambridge's C1 advanced certification
Good level in Spanish	Estimated C1 level
Hobbies	Karate Shotokan black belt, Competitive practice of sailing
